embroidery  
and printing  
service

# About us

Innovation provide everything the modern pupil needs to look smart, feel smart and be ready for any learning occasion through their school career.

Our family-run wholesale schoolwear business has continually implemented change throughout our five decades in business in order to stay relevant and grow with our customers. Our experience has taught us that customers value “quality”, “service” and “reliability” which are the three key values we direct our business on.

Each year we add new lines to our stock range and additional colours to existing ranges based on customer feedback. All our lines are ethically made using carefully selected factories from around the world whilst ensuring we are competitively priced. Our warehouse is always well stocked, allowing us to dispatch stock orders placed by 4pm for next day delivery\*.

We offer a full embroidery and printing service whereby you can expect to receive the goods back, ready to sell or wear; making it an easy, hassle free process. We customise third party garments too!

We know that each school is different, each child is different, but we understand the need for garments and uniforms that can be stylish, hard-wearing and built-to-last with a price point to please.

\* Except Isles, Northern and Southern Ireland, Scottish Highlands, Channel Islands and export orders

# Embroidery

We offer a convenient and fuss-free professional personalisation service from our designated departments in-house allowing us to embroider school crests and logos easily and quickly, all within a seven day turnaround\*.

We have a great system in place to keep up with customer demand for quick set-up and turnaround of embroidered samples; be it a 5,000 or 25,000 stitch logo, we’ve got it covered.

Once a quote has been approved it takes just 48 hours to produce a sample with no set-up fees on school logos if an order of 50 pieces is placed. We do not have a minimum order quantity and we embroider third party goods!

\* Please allow for extra time during peak season.

# Printing

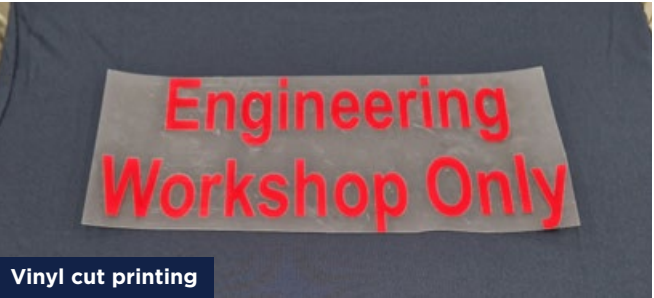

We offer three types of in-house printing on a seven day turnaround\*:

**Vinyl cut printing** is generally best for personalising names/ numbers or a simple design for a one-off order in low quantities to make it more cost effective.

**Screen printing** is the most popular and long-lasting method as ink is pushed through a mesh stencil onto textiles. Only one colour/screen can be applied at a time, and each screen comes at a cost. A screen is kept for 12 months so you don’t need to keep paying a set-up charge if it is used within that period.

**Digital printing** is the process of printing your designs onto special transfer paper and then applying the transfer paper onto the garment using a commercial heat press. It enables full-colour images to be printed very quickly and is a great option for garments with two layers. This has no set-up charge, but has an artwork charge.

\* Please allow for extra time during peak season.

## KEY

-  Made in the UK
-  Special Order Options
-  Now made using recycled materials

# ETHICAL PRODUCTION SUSTAINABLE MATERIALS

## look out

for our eco-friendly icon throughout the catalogue for more of our eco-friendly products.

We ensure  
**all factories we use meet health and safety regulations and all our products are ethically sourced**

We currently **produce over 30 lines in the UK** which reduces our carbon footprint

All our factories undergo an annual audit to ensure **at least minimum wages have been paid and working conditions are safe** and up to regulations

We only use  
**recyclable polybags**

**All trousers** are made using  
**100% recycled materials**

We will continue to  
**reduce the use of plastic bags**  
on all our products

**Our skirts\*** are made using  
**100% recycled materials**  
(\*except box pleat skirts)

**Our stretch and 2 button/flap pinafores** are made using  
**100% recycled materials**

**Our blazers** are made using  
**100% recycled polyester**  
(from plastic bottles)

Innovation Sweatshirts, Sweatshirt Cardigans, V-Neck Sweatshirts and Jog Bottoms are now made using  
**40% recycled materials**

**We do not factory hop.**  
We build long lasting relationships with our factories
